Chair Message

Dr. Geraldine McGinty, M.D., FACR

RADPAC wants to thank all of its contributors for supporting the future of radiology through their generous contributions. RADPAC enjoyed a great year in 2017! For the 7th straight year, RADPAC raised more than \$1.2 million from more than 3,000 contributors.

The spectrum of RADPAC activities provides the ability for our specialty to directly and effectively educate and promote our important issues to legislators. These activities range from direct campaign contributions and independent expenditures, to imaging policy discussions at fund raisers, to hands-on education of Members of Congress at radiologists' practice sites. It is those Members of Congress who create the legislation and policies so vital to the success and preservation of our specialty and to the continued well-being of our patients.

As we gear up for 2018, RADPAC is excited to support the campaigns of two of our own Radiologists – Dr. Steve Ferrara who is running for Congress in Arizona and Dr. Stephen Sevigny who is running for office in Florida.

For 2018, RADPAC has set a goal of having 3,500 contributors. We hope that you will not only support RADPAC again this year, but that you will encourage your colleagues to do so as well.

Thank you all once again for your tremendous support in helping RADPAC serve as the political voice of radiology!
